# Families in Recovery Conference

**March 20, 2021**  
**Virtual conference**

[familiesinrecoveryconference.com](http://familiesinrecoveryconference.com)

The Families in Recovery Conference is dedicated to AA and Al-Anon principles and focuses specifically on Alcoholics Anonymous Chapter 9, The Family Afterward. This conference provides a place where couples in recovery can “meet upon the common ground of tolerance, understanding and love.” (AA, page 122, Chapter 9). We welcome all couples that are in a committed relationship.

This unique conference has been held in the lovely town of Salado, Texas for the past 28 years! (not including 2020 of course!) During this 1-day virtual conference, attendees meet in intimate and confidential groups to discuss topics taken from Chapter 9.

- Communication
- Establishing Trust
- Love and Tolerance
- Financial Recovery
- Practical Spirituality

These small groups allow attendees to get to know their fellow group members, learn from others who have overcome adversity and experience the benefits of group sharing.

We are delighted to offer a Speaker Meeting; a couple in recovery shares their experience, strength and hope. This year’s speakers are Chip and Angie B. from Destin, FL.

We look forward to seeing you over Zoom on March 20th!
